Commissioner Kristin Mayes,

This letter is to state that we are in complete support of the water delivery system upgrade project in Groom Creek (Prescott, AZ). We are in favor of this project and even though we realize that the raise in the base rate will be significant, we understand that it's necessary in order to secure funding to get a new system that is desperately needed for our wonderful community in Groom Creek. If we do not get this new system, the cost to all of us will be much higher.

I have also emailed you in case you do not get this letter in time.
